CLEANORA · CORPORATE CAR CARE

ON SITE · WATER-WISE · JOHANNESBURG, OTHER REGIONS ON REQUEST

HOTEL CAR CARE

Built around your guests.

If a guest's car is the last thing they see, we make sure it leaves as beautifully as they arrived.

01

Express Valet

Rinseless exterior wash, glass and tyre dressing while guests check in. Approximately 20 minutes.

02

Executive Detail

Full exterior foam wash, interior vacuum, wipe-down and fragrance-neutral finish. Approximately 60 minutes.

03

Fleet Care Plan

Scheduled daily or weekly care for guests, shuttles and courtesy cars.

A CONSIDERED SERVICE

We work around your arrivals, departures and forecourt rhythm — with a schedule shaped to your property and guest volumes.

PROFESSIONAL-GRADE EQUIPMENT

The right tools. A lighter touch.

Commercial tools chosen for quiet operation, water efficiency and paint safety.

01 MACHINERY

Electric pressure washers

130–150 bar units with adjustable fan tips; quiet electric motors for hotel forecourts.

02 MACHINERY

Snow-foam cannons

pH-neutral foam lifts grit before any cloth touches the paint, helping prevent swirl marks.

03 MACHINERY

Water-reclaim mats

Portable containment captures run-off for responsible disposal on paved driveways.

04 MACHINERY

Steam & extraction units

Dry steam and wet-vac extraction for upholstery, carpets and vents without soaking.

05 MACHINERY

Dual-action polishers

Random-orbital machines for safe paint correction and sealant application.

06 MACHINERY

Cordless blowers & vacuums

Touch-free drying and quiet HEPA interior cleaning near guests.

COLOUR-CODED MICROFIBRE

A colour for every surface.

A cloth that touched a wheel never touches your paint.

Blue · Paint & body

Plush edgeless microfibre for rinseless washing and final buffing.

Grey · Drying

Twisted-loop towels absorb water with minimal pressure on clear coat.

Yellow · Interior

Short-pile cloths for dashboards, screens and leather.

Green · Glass

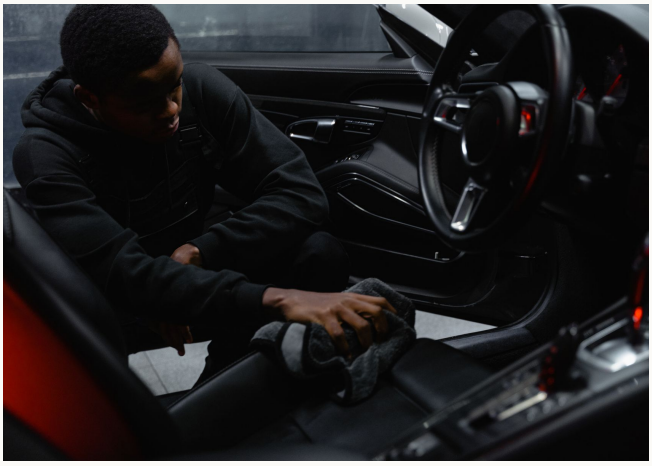
Low-pile waffle weave for streak-free windscreens and mirrors.

Black · Wheels & sills

Reserved only for the dirtiest areas; never mixed with paint cloths.

Mitts · Contact wash

Deep-pile chenille and lambswool trap grit away from paint.



OUR PEOPLE

Uniformed. Vetted. Trained.

Navy corporate uniform, name badge, nitrile gloves and non-marking shoes, with etiquette training for every technician.

Quiet, discreet and guest-first — every visit is completed to an agreed standard.

CLEANORA

Give every guest a spotless return.

Tell us your forecourt and volumes — we'll propose a schedule that fits your property.
